REASON FOR NOMINATION (no more than 200 words – your background, experience, relevant contribution to operational risk and what you would hope to bring to the Institute. If available, an up to date copy of your CV would be helpful).

As a leading member of the Operational Risk community in London, with over 20 years of experience in Risk Management, I have co-authored several papers and acted as a speaker at many conferences, seminars and webinars.

I have an extensive network of contacts in the discipline and was until recently the Deputy Chair of the AFB Operational Risk Committee, sourcing speakers to discuss regulatory issues and leading practices with over 30 banks.

I have held Director-level roles in Operational Risk, Credit Risk, Strategy and Governance and Front Office Supervision, having extensive practical knowledge of treasury, capital markets, lending and advisory businesses, including front, back and middle office operations. I was most recently Head of Operational Risk, Europe and Asia Pacific for Toronto Dominion Bank.

I have developed and managed several risk policies and frameworks and bank wide risk system projects, ran face to face training programmes and developed a Bank wide distance learning module regarding Operational Risk.

I have successfully carried out the role of Director of Business Development since March 2018 promoting the development of the IOR and our Certificate in Operational Risk Management, running the Chapters in England, Scotland, Germany, Hong Kong, Nigeria and Ireland. This has including bringing in many new students and members, speaking at events and a webinar, working to set up new Chapters in Singapore, Japan, Thailand, Indonesia, speaking to a number of other potential Chapter Heads and achieving the nomination for the CIR Award for CORM.

Going forward, I am working with the Director of Standards and Ethics on revising the documentation for existing and new Chapters and will be formalising and standardising the Chapters, including a business plan and regular reporting and MI for each. I also intend to continue to work closely with my fellow Directors with Portfolios to improve the working of the Institute and expand its membership and the take up of CORM.

Please also enclose a note of any relevant qualifications and brief history of career/key roles

See above

Where available you may wish to simply refer to an attached CV.

My CV is on file with the Institute.
